Attachments: FL 404 AO Issue Paper.pdf

Mentions both FL issues, in case you want to read more about the assumable waters issue...

Discussion with Administrator is this afternoon, so tomorrow's meeting may reflect some decisions? Seems a bit backwards but I just work here... ☺

Thanks—got Mary's change but had to send it then per Dave's request.

Here is what went up

Thanks to All for the hustle and good comments,
John

I made Mary's change regarding summer 2018.

I also:

: **Ex. 5 Deliberative Process (DP)**

Here is the clean version, I've not had time to do a redline version. I will send a redline version in a few.

I have one important but minor change. We need to make "August 1, 2018" read "Summer 2018". I believe its' in two places in the document. John, I will call you to explain – but I think this is a necessary edit.

Sorry for lateness of this edit.

Tom is reviewing for other items and will send his input soon.

I apologize for the multiple drafts. Here is one more revision, responding to Kathy's request to trim down to one page. This is trimmed to one page and I think slightly clearer as a result.

Hi, folks.

Simma sent another version after Kathy's final summary version from the call (which is the one I had forwarded). I just talked to John and he would like to make sure Mary has had a chance to give it a quick review. I have attached Simma's version. If everyone could let us know if this one works by 10:30, I would greatly appreciate it.

Thanks,
Cathy

Hi, John.

Attached is the paper that has been coordinated by the Region and OWCD (with OGC involvement).

Folks—NLT then 10:00a, would you all take a look at the attached one-pager for use by Dave, Matt, and Trey in their conversation with the Administrator this afternoon. Note that I worked from the staff two-pager that had a couple rounds of review. Did a meeting with Corps Division happen yesterday and are there any key updates to share, Region 4? To get to one page, I had to drop background bullets on ESA, but I think this is consistent with Dave's direction to focus on the Corps retained waters issue.

Thanks!

John
